The problem: 38 million adults 50+ are being left behind in the AI economy — they control \$76 trillion in wealth and receive 5% of AI training investment. **Proof on file (Elevate / grant file):** ~100 adults 50+ with signed attendance and session photos; 5-7 Austin Public Library branches; 3 senior centers; 1 veterans program. Prior City of Austin Nexus Grant: \$5,000 awarded and delivered (1.67:1 leverage). AACME Elevate submitted 8/13/26 — in review. **The Pioneer Model turns that proof into a business.**

HOW IT WORKS

WHO PAYS — AND FOR WHAT

The one sentence: Brian McKinney is the AgeTech speaker on 50+ AI — host of AGENTIC50, founder of the only WIOA-eligible program workforce boards can actually buy, and the person who turned ~100 verified Pioneers into documented proof. Government pays LMT to prove it. The podcast tells it. The stage sells it.

Brian McKinney · CEO & Founder · Former AARP Community Development Manager
