WEEK / MODULE

110 MINUTES

MIN	BLOCK	WHAT YOU DO	DONE
0-10	Arrive and settle	Names. "What worked since last week?" Devices on. Font size. Pass sign-in now.	☐
10-20	One story, one rule	Why this matters at 50+. One rule for the hour. No theory dump.	☐
20-35	I do	Demo slowly on the big screen. Same steps they will use.	☐
35-60	We do	Class does those steps together. Wait. Repeat. Do not add a second app.	☐
60-90	You do	Each person completes the win on their own phone or laptop.	☐
90-100	Save the win	They copy the steps onto the take-home card.	☐
100-110	Confidence check	3-question exit slip. Next week preview. Confirm return date.	☐

ALWAYS

- One AI tool per cohort
- Their device, not a lab PC if possible
- Same 5 steps, three times
- Shame-free language — never "even grandma"
- 3 photos + verbal OK (see instructor package)

NEVER

- Ten apps in one day
- How LLMs work
- Medical or legal advice from the AI
- Crypto, gold, or side hustles
- Skipping the sign-in sheet

EXIT SLIP (SAY THESE OUT LOUD)

1. On a scale of 1-5, how confident are you doing today's task alone?
2. What is one thing you will do again this week?
3. What still feels unclear?

Ops: Print [forms/signin.html](#) and [forms/testimonial-release.html](#) before the session. This script is teaching. Those sheets are attendance and permission.
