

End state: They place or receive one video call *and* send one message they drafted with AI, then edited in their own words.

REUSE

Zoom / FaceTime / Google Meet walkthrough from the old course. Pick **one** calling app for the room.

ADD

In the same AI tool from Week 1: "Write a short, kind message to my [grandchild / coworker / friend] about _____. 4 sentences. Plain language." They edit it. They send it.

Do not teach three calling apps. Device help stays inside the first 10 minutes.
