

My tool today: _____

How I open it: _____

THE 5 STEPS

1. Open the tool (chatgpt.com). Stay logged out is fine.
2. Type or tap the microphone and speak my question.
3. Read the answer slowly.
4. Ask a follow-up: "Make that shorter" or "What should I check with a real person?"
5. Save or write down the part I will use.

THE QUESTION I ASKED TODAY

WHAT I WILL ASK AGAIN THIS WEEK

Stop if: the answer is about medicine, money advice, or the law — check with a real person. Do not type your Social Security number, bank numbers, or passwords. If someone you don't know asks you to send money or a code, stop. That is a scam. We cover that in Week 2.

Next class: **Don't get scammed.** Date: _____
