The one sentence: "Brian McKinney is the AgeTech speaker on 50+ AI — host of AGENTIC50, founder of the WIOA-eligible, MBE-certified program delivered at 9 in-person locations in central Texas." Government pays LMT to prove it. The podcast tells it. The stage sells it. Market facts only: \$18K/worker (LSE & Protiviti); \$850B ageism cost (AARP & Oxford Economics). Do not use 347, 264+, or ~100 on public sheets.
